

Composite Letter/Letter Packet Instructions for AADSAS 2024 Matriculation Cycle

The instructions below apply to students who are planning to submit a Composite Letter (including a new 2023 Composite Letter, Senior Composite Letter Update, or an existing Composite Letter on file from a previous cycle) or a Letter Packet (containing 3-4 individual LORs, but no Composite Letter) to AADSAS.

If you are receiving a Composite Letter/Letter Packet from PHA, but you are not applying to AADSAS, please visit the [CL SharePoint's CAS Information Page](#) (CL applicants only) or 'Sending Recommendation Letters' page of the [PHA website](#).

Before you begin, please review the following information carefully:

- Applicants **DO NOT** need to wait until their Composite Letter/Letter Packet is complete in order to submit the AADSAS application. The AADSAS application can be submitted and processed without recommendation letters. Applicants should go ahead and set up their Composite Letter/Letter Packet entry in the *Evaluations* section of AADSAS when the application opens (around mid-May every year), and submit in early June.
- Once complete, the Composite Letter/Letter Packet will be sent to AADSAS upon request (instructions for making this request will be posted on your application status page on College Connect once the Composite Letter/Letter Packet is complete). **This WILL NOT delay your application processing time.**
- Composite Letter/Letter Packet Completion Timeline:
 - If you are applying for a **new 2023 Composite Letter**, your Composite Letter will be complete and ready for delivery in *late June/early July*.
 - If you are applying for a **Senior 2023 Composite Letter Update (re-applicants only)**, your Composite Letter will be complete and ready for delivery by *mid to late July*.
 - If you are applying with an **existing Composite Letter on file from a previous cycle**, your Composite Letter will be ready for delivery within *10 business days of submitting your application via College Connect*.
 - If you are applying with a **Letter Packet**, your Letter Packet will be ready for delivery within *10 business days of PHA receiving all of your individual LORs via College Connect*.
- On the AADSAS application, the term "Committee Evaluation" is interchangeable with "Composite Letter"/"Letter Packet". When you see the AADSAS application refer to a "Committee Evaluation" this refers to the PHA Composite Letter or the PHA Letter Packet.
- The Composite Letter/Letter Packet contains your individual letters from the recommenders that you entered on the Composite Letter/LOR Hub application via College Connect. You do not need to make separate Evaluation Requests in AADSAS for the individual letters that are included in your Composite Letter/Letter Packet. They will all be sent together in one PDF packet. If you wish to send additional letters to AADSAS (outside of the letters already included in your Composite Letter/Letter Packet), the recommender(s) will send their letter(s) directly to AADSAS. See page 3 for instructions.

Letters of Recommendations

You must have a minimum of 1 **requested evaluation** in order to submit your application. You may enter a maximum of 4.

In this section, you can send requests for letters of recommendation. Letters of Recommendation (sometimes called Letters of Evaluation or Letters of Reference) are submitted by the recommenders themselves via **Letters by Liaison**, our recommender portal; they cannot be completed or submitted by the applicant or another party on behalf of the recommender. Click [here](#) for more information.

You can edit and delete requests that are in Requested or Accepted status. Once a request is Completed, you cannot make any changes regardless of whether you've submitted your application or not.

Evaluation Request: Committee **Status** Requested Submitted: 05/03/2021

An automatic notification will be sent to phaletters@emory.edu when you submit your Evaluation Request on AADSAS. However, this DOES NOT mean your Composite Letter/Letter Packet will be automatically sent to AADSAS once it is complete. There are additional steps required in order to deliver your Composite Letter/Letter Packet to AADSAS. You will finish the remaining steps on your application status page in College Connect after the Composite Letter/Letter Packet is complete and ready for delivery in late June/early July.

PHA LOR Service Fee:

A flat fee of \$50 is charged per centralized application service (AMCAS, AACOMAS, TMDSAS, AADSAS, etc.)*.

Your LOR service fee payment will be made within your Status Page and must accompany your request for Composite Letter delivery. Requests will not be processed until payment has been received.

**If you are eligible for the Application Fee Waiver from AADSAS, the PHA LOR Service Fee will be waived. This is not retroactive, so if you are awaiting notification on your fee waiver status, do not submit your LOR Service Fee payment. Please email a copy of your approval for the Fee Waiver from AADSAS and upload a copy of the approval when prompted within your application status page on College Connect.*

Sending Additional Letters to AADSAS:

If you are planning to submit additional letters to AADSAS (outside of the letters that will be included in the Composite Letter/Letter Packet), you will need to have your recommender(s) submit their letter(s) directly to AADSAS. To do this, you will create an Evaluation Request on AADSAS for each additional LOR you plan to have sent. Enter the contact information for each recommender. Make sure you have the correct email address for the recommender, as this is how they will receive the notification about uploading your letter.

Once you have entered the Evaluation Request, the recommender will receive an automatic email with instructions on uploading their letter. Notify recommenders to look out for the email from AADSAS and to check their junk folder if it is not in their inbox.

The \$50 PHA LOR Service fee is NOT charged for additional letters, as additional letters are not stored/delivered via Pre-Health Advising.
